**STANDARD:** Written policy, procedure and practice require the Community Supervision Officer to collect medical and dental history information for court ordered custody juveniles.

The Community Supervision Agency shall submit medical and dental history information to Kansas Department of Health and Environment (KDHE) licensed out-of-home placements, using the KDHE form entitled “MEDICAL RECORD FOR CHILDREN IN 24 HOUR CARE FACILITIES.”

A Kan-Be-Healthy report and a Dental Health report, completed by medical and dental professionals, can be stapled to the mandatory KDHE form to meet this requirement.

When a change in placement occurs, the Community Supervision Agency shall request a copy of the juvenile’s current medical record, to ensure the juvenile’s next licensed out-of-home placement has this required information.

**DISCUSSION:** None
